

- 
- On June 27, 2017, the City Council approved plans and specifications for a remodel of the library.
 - Construction began in November
 - There were many major goals of the remodel including:
 - Expanding the Children's area out to the lobby.
 - Expanding the Community Room on the 1st floor.
 - Creating a new structural floor between the 1st floor and 2nd floor
 - Adding additional seating and study rooms
 - Adding a new program room

2nd Floor Information Desk moved forward to start construction on the new study rooms (late November 2017)

The old Periodicals storage being dismantled
to start work on the Reading Room
(late fall 2017)

Old Periodical storage room empty
and ready for construction
(late 2017)

ADA upgrades to
the restrooms

New slat wall added to
newspaper area for world
language periodicals

(December 2017)

Lots of new doors

storage until the remodel is
complete

(mid-January)

Children's area closes
and a temporary
Children's area is set up

(mid-January)

New Carpet!

We had to take books off the shelves to put down the carpet

Oversized and reference books went into storage during this time

In late January we started the process of bringing CDs and DVDs upstairs

The new computer furniture is starting to arrive

A temporary barrier is built so we can build a structural floor

The DVDs have moved upstairs

Late January and early February

Where the DVDs used to be.
Now part of the expanded
Children's area

The quiet area near the
magazines acted as the
temporary magazine area
while the new Reading Room
was being constructed

Lots of work is starting to
happen in Children's

Early February 2018

More carpeting on the 2nd floor

February was a big month for the remodel! Lots of things happening!

Behind the plastic used to be staff area. Now it is the Reading Room.

The view from the 1st floor where the DVDs used to be. The open space is now a floor.

Starting demolition on the old
CD/World Language section to
expand the Community Room

Taking down the wall between the old Children's area and the DVD/World Language area

The former Children's office area is being dismantled to make more open seating

Early March 2018

Construction on the Reading Room is well underway!

The walls are going up for the new study rooms

Lots of work is happening in Children's! The walls are down and most items are in storage until the remodel is complete.

Early March 2018

Computers have been installed
on the new furniture

The glass for the new
study rooms is installed

Early March 2018

Lots of work happening in
Children's area and in the
Community Room

Mid-March 2018

This is the non-fiction area.

Installing the new
shelving in Children's

Before

After

Early April 2018

Starting the process
of reshelving the
Children's area

Creating the structural floor between
the first and second floors

April 2018

Filling in the new
structural floor with
concrete

Late April 2018

Doors are installed on
the new study rooms

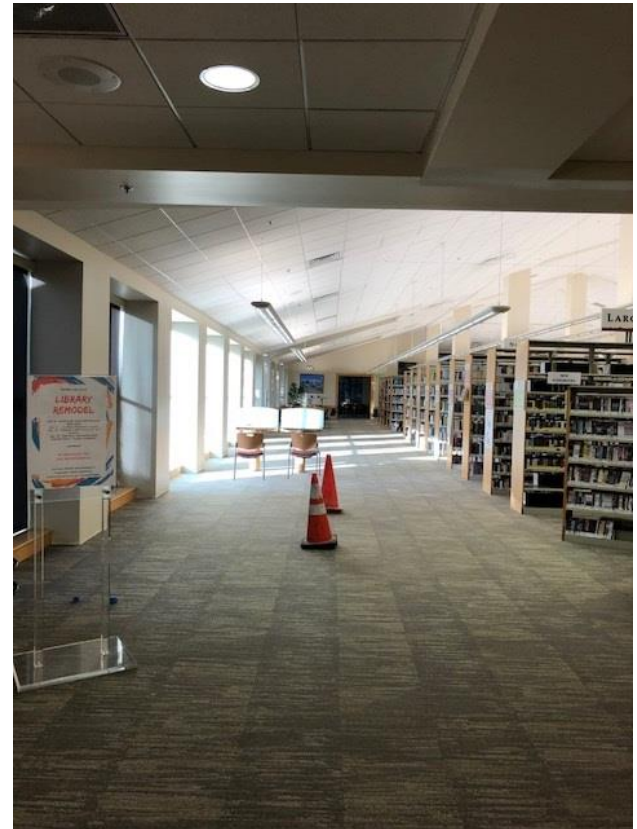

The temporary wall
is finally down

May 2018

We have a floor! This area
used to be an open balcony
between the 1st and 2nd floors

Mid-May 2018

Behind the barrier is...

New tables, water
bottle refill station,
and the beautiful
new entrance to
Children's

The temporary Children's area being dismantled on June 14th and 15th

New to the 2nd floor:
carpets, furniture, 6 new study
rooms, program room, new
structural floor to hold the
Reference Desk, more group
study area, and over 30 new
study carrels!

June 2018

THANK YOU to...

- the community!
- the City of Mountain View and the City Council!
- Library staff!
- all of the different construction crews involved!
- Other City departments!
- And many, many more who have made the remodel a reality!
